JOINT STATUS REPORT

Pursuant to this Court's order of January 22, 2021 (see Memorandum Decision and Order, ECF No. 104 at 14), the parties submit this Status Report in relation to discovery disputes.

At the outset, the parties report that there are no current discovery disputes pending for this Court's disposition under Local Rule 26(b). Both parties have agreed that neither party is waiving any position relating to discovery requests or objections which may be presented to this Court in the future under Local Rule 26(b). And both parties have agreed that neither party is waiving any position relating to Plaintiffs' document requests to the City, or the City's objections to those requests; and if any disputes remain or arise they may be presented to this Court in the future under Local Rule 26(b), governed by the rules of procedure and standards of the scope of discovery in that event.

The parties have conferred and shall continue to confer in good faith to resolve the issues previously presented by Plaintiffs in the Motion to Compel that was the subject of the Court's ruling in ECF No. 104. To this end, the City has agreed to provide a certification from its

specifically retained third-party IT consultant to address Plaintiffs' present questions relating to the scope and completeness of the City's document production. The City has produced documents regarding insurance coverage/insurance agreements, and confirmed the terms thereof have remained materially similar throughout all periods relevant to Plaintiffs Complaint, to the present satisfaction of the Plaintiffs (without waiver of any disputes by either party arising in the future after good faith conference under Local Rule 26(b)). The parties have agreed to address by good faith conferring under Fed. R. Civ. P. 26(b)(2)(B)-(C) and Local Rule 26(b), Plaintiffs' requests for additional information in categories other than email correspondence (including, but not necessarily limited to, text messages on cell phone devices). To the extent specific categories of documents remain in issue and the parties require further guidance or rulings from the Court on the scope or limits of discovery, the issues will be presented to the Court under the protocol of Local Rule 26(b). The parties are also committed to collaboratively addressing any impending pretrial deadlines if and as necessitated by the time required to fully resolve the issues related to Plaintiffs' Motion to Compel.

Dated at Portland, Maine this 12th day of March, 2021.
